

New Source Review newspaper advertisements for construction permit applications, October 13, 2016. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: October 10, 2016, October 12, 2016 or October 13, 2016. Public notices are generally published every week. The previous publication of public notices was October 6, 2016.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-03-09-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mrs. Michelle W. Owenby, Director, Division of Air Pollution Control, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, 15th Floor, Nashville, Tennessee 37243 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Any individuals with disabilities who wish to participate in these proceedings or to review these filings should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such initial contact may be in person, by writing, telephone, or other means, and should be made no less than ten (10) days prior to the hearing, or the date such party intends to review such filings, to allow time to provide such aid or service. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 2nd Floor, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, Nashville, TN 37243, (866) 253-5827 (toll free) or (615) 532-0200. Hearing impaired callers may use the Tennessee Relay Service (1-800-848-0298).

The applicant is Mountain Empire Oil Company dba Roadrunner Market #129 with a mailing address of 282 Christian Church Road, Johnson City, TN 37615. They seek to obtain an air contaminant permit (Division identification number: 30-0222-01/72089) for construction of a Gasoline Dispensing Facility located at 2490 East Andrew Johnson Highway, Greenville, TN 37745. This proposed operation would consist of two (2) underground storage tanks, sixteen (16) nozzles, and associated gasoline dispensing equipment. Submerged filling would be used for gasoline emission control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Horton is the assigned Division person.

For the Greene County "Greeneville Sun"--publish once on Thursday, October 13, 2016.

The applicant is Rogers Group, Inc. - Hickman County Quarry with a mailing address of 421 Great Circle Road, Nashville, TN, 37228. They seek to obtain an air contaminant permit (Division identification number: 41-0057/972098) for construction of one (1) portable screening unit located at 11201 Spencer Mill Road, Bon Aqua, TN, 37025. Source 04: This new operation consists of blasted rock stockpiles and screening equipment with associated conveyors used to produce sand. Wet suppression will be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted at this facility. Mr Chris Meek is the assigned Division person.

For the Hickman County "Hickman County Times"-- publish once on or before Monday, October 10, 2016.

The applicant is New Cingular Wireless PC, LLC dba AT&T Mobility with a mailing address of P. O. Box 5095, Rom 4W200M, San Ramon, CA 94583. They seek to obtain an air contaminant permit (Division identification number: 73-0255-01/72106) for the construction of an Emergency Generator located at the 844 Old Harriman Highway, Oliver Springs, TN 37840. This proposed operation would consist of one (1) generator with a diesel-fired engine (63 kW) and associated equipment used to produce power. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Horton is the assigned Division person.

For the Roane County "Roane County News"-- publish once on Wednesday, October 12, 2016.
